To whom it may concern:

The Foundation had a great experience with our recent fundraiser with David DaVinci.

David and his staff were well organized and knew exactly what had to happen to promote and produce the show. Our time line was a very short three-week window from start to finish. We ran with that, and we were able to successfully collaborate and bring a full house to the event.

David's show was truly thrilling! The audience was spellbound and delighted with the production.

We raised more money and expended less effort on this fundraiser than any of our previous events.

We wholeheartedly recommend the David DaVinci show for a fantastic fundraiser.

Sincerely,

Valerie Brown
